Subject — Rate of Commn. payable to Stamp Vendors for the vend of Special Water-mark paper recently introduced into the Judicial Courts of the Province.

In Govern.t Progs: No. 9905-14 / Mis 1370 dated 24th February 1896, Dy Commrs of Districts were told that the vend of special water-mark paper might be entrusted to the Stamp Vendors, and asked to submit their opinion as to the rate of Commission that might fairly be paid to Stamp Vendors for this extra work.

2. The Dy Commrs have submitted their opinion. The Dy Commr of Kolar proposes that the Stamp Vendors may be paid a Commission at the rate of 3% at Taluk Head

Dy Commrs

stations, while the Dy Commrs of Mysore and Hassan recommend a uniform rate of 5% being sanctioned to them. The Dy Commr of Mysore also reports having extended the privilege of vending special water-mark paper to local merchants besides Stamp Vendors. The Dy Commrs of Kadur and Chittaldrug are in favor of granting a Commn at the rate of 3% to all Stamp Vendors and the Dy Commr of Bangalore suggests a rate of 10%.

The Dy Commr of Tumkur ~~having~~ reports having arranged for the sale of this paper, at the Distt Head Qrs by the salaried Stamp Vendor, at Taluk Head Qrs by the Taluk Sheristedar, and at Sub Taluk Head Qrs by the Head

of 1 per cent very pass
to Licensed Stamp Vendors.

The Dy Commr of Shimoga
is in favor of allowing
the value of one paper,
Viz. ± 3 pies per Quire
of paper sold, and
a similar amount
to the Official who will
have to do some extra
work in the shape of keeping
accounts &c Connected
with the sale and supply
of the paper in Question

3. In this connection,
the Comptroller to the Govt
of Mysore brings to notice
that the establishment
of the Treasuries where
as well the work has already
increased, will not be
sufficient to cope with
the additional work that
will be devolved on
them. He therefore suggests
that the Stationery depot
may be made to supply
the requisite quantity of
the paper to all the Courts
direct on indents received,

SIR,

The Chief Court in its rule of practice dated the 1st August 1895 published in the Mysore Gazette of the 22nd August 1895 prescribed the kind of paper to be used by parties &c in the courts of Mysore The Superintendent of stationery got the kind of paper required ~~[illegible]~~ sent to this Office by Messrs Gordon Woodroffe & Co stating that they should be sold in the treasuries In connection therewith the District Treasury Officer asks for certain instructions A copy of his letter No 200 of the 8th January 1896 is herewith forwarded. He asks whether the paper received should also be sent to taluk treasuries I think he should be informed that he should send the needful quantities to the taluk treasuries

in the same way in which stamp papers are sent Thirteen bales have been received and there are thirteen taluk treasuries in the district - A bale to each of them may be sent The Treasury Officer solicits instructions for maintaining registers for the receipts, sales, &c of these papers Early orders on this point are required Some such register as has been prescribed for stamp papers may perhaps be prescribed for this also. The Treasury Officer asks from what date the sale of these papers should commence Their sales may begin at once although the Chief Court has made the use of these papers compulsory from the 1st March 1896 If these papers are to be sold in the treasury the Treasury Officer says that extra hands would be required - I think that they may be sold like stamp papers through commission vendors This will obviate the necessity for extra hands - Pending the receipt of your reply to this I have told the Treasury Officer to have the bales under the treasury pahara and see that they are carefully looked after

Sir

With reference to your memo no: 1109 dated 26th December 1895, giving cover to letter no: 180 dated 22d idem, from the Superintendent of Stationery, Bangalore, and to the rule of practice dated 1st August 1895 passed by the Chief Court prescribing the kind of paper to be used by parties &c in the Courts of Mysore Province published in the Mysore Gazette dated 22nd August 1895, I have the honor to state that 13 bales said to contain special water marked papers have been received

(on the 7th Instant) as per memorandum of
messrs Gordon Woodroff and Co. and they
are kept outside the Treasury transaction
room for want of space in the Treasury
Chamber

As no instructions for maintaining registers for receipt sale and submission of returns have been received, I request you will kindly instruct me on the subject and whether the bales containing these papers may also be sent to Talaks for sale.

As nothing is known about the time from which the sale of papers has to commence. I beg to be informed of this also. If the sale of these papers devolves on the Treasury officials, I beg to state that extra hands are required: otherwise, I am afraid that proper and legitimate work of the Treasury might suffer. The

Mysore District Treasury is already is in need of one shroff and a clerk. The officials are overworked and in such a state of things it is in my opinion too much to expect of them to do other extra work.

Sir,

With reference to Para 3 of Govern-ment Proceedings No. 9905-14 dated 24th February 1896, Mis. 1370 requesting me to suggest the rate of Commission to be paid to the Stamps Vendors for the Vend of the water marked Paper, I have the honor to state that the rate of Com-mission proposed by the Amildars who were consulted range from to 25 per cent. The Treasury Officer recommends a rate not less than 5 per cent if not Rs 6-4- a t one anna per Rupee on the Paper sold, Con-sidering the amount of time involved in the sale of 6400 Papers to secure a percentage, especially in the Taluk Head Quarters

2. Considering the great demand

there is for this kind of special paper for writing all kinds of Judicial Petitions &c and the bulk of the supplies required to be kept by the vendors, I would propose a commission of 10 per cent on the sales. The quantities sold will vary considerably in the different Talaks, and my rate will not be found to err on the side of extravagance.

I have the honor to acknowledge the receipt of your general No 1084 5- min 1534 dated 20th March 1896 and to re-port with reference to the last part thereof that both the District and Taluq Treasuries are already overworked in connection with Local Funds, Excise, Stamps, Her majesty's Jamakarch accounts &c and if these Treasuries ~~the~~ also made the general Depôts for the sale of the special stationary intended for court purposes, I am afraid the present establishment will not be equal to the additional work that will be thrown
